THE FIRST DAY GREAT SUCCESS

REUNION VISITORS MUCH PLEASED WITH THE RECEPTION

ALL PROVIDED FOR

There Was Food and Sleeping Accommodations For Every One of Big Crowd

The annual reunion of the United Confederate Veterans of South Carolina was commenced most auspiciously yesterday. The weather was very summery, but there is a lot of shade in Anderson. The band concert on the court house square ushered in the proceedings of the day, after which followed the morning session at the headquarters tent, and this was followed by meetings in the afternoon and the entertainment at Beuna Vista park last night.

There was a whole lot of happiness crowded into yesterday. Men who had not seen each other for a generation fell upon each other's necks and wept tears of joy. Many an old heart made young again in the recalling of those days when they were shoulder to shoulder in the trenches.

Benches had been placed in many convenient places and under the great oaks in the rear of the courthouse there were gathered all day hundreds of old soldiers, holding real, genuine reunions.

The trains poured their gray clad freight into the city through the morning hours and there was a busy day at the Chamber of Commerce where Secretary Whaley and Miss Eubank Taylor and the boy scouts and a number of splendid ladies gave every attention to the old soldiers and assigned of spivoli until lifatoww wawwed them to homes. If any old soldier did not have a home it was because Chamber of Commerce was not asked to make provision for him.

It was a day long to be remembered in Anderson, and the city is proud of the fact that this is the soberest reunion that has ever been held in this or any other state, for it has been a mistake to give these old men too much to drink at some reunions.

Gen. Teague was delighted last night. He said that he would make no invidious distinctions but he could say without reservation that the reunion had never been handled anywhere any more successfully and happily than here in Anderson and that the visitors appreciate the efforts that have been made to give them a pleasant stay.

The entertainment last night at Beuna Vista park was one of the happy events of the reunion. The park torium was crowded with soldiers and beautifully lighted and the audience was delighted.

A delightful program was rendered and the evening was enjoyed to the fullest. The veterans were provided with transportation and every one had an opportunity to go. The band music was furnished by the splendid Second Regiment band of Orville and the civic association served refreshments.

The exercises were opened in a most happy manner by Gen. Teague who represented the sponsors.

The lovely young ladies with the banners of the organization which they represent were enthusiastically received by the old soldiers, for the love of the beautiful never die in the hearts of a gallant soldier.

A mixed chorus sang "Swanee River," and a male chorus sang "Tenting on the Old Camp Ground" bringing tears to the eyes of many of the veterans. For the next tent which they will occupy will be the low green tent in the city of peace, when taps has been sounded for the last time for the old soldiers.

A. P. Johnson gave a beautiful reading from Southern writers and this too struck a responsive chord in the hearts of the old soldiers.

The chorus then sang "Home, Sweet Home." Mr. George Miller, of the famous Miller family of musicians, sang "Annie Laurie" so splendidly that he was recalled and accompanied by a male quartette, he sang "The Old Oaken Bucket."

When the chorus sang "Dixie" there was a scene of genuine feeling and the emotions of the old soldiers ran away with them. They cheered wildly and threw their hats on high. Every person in the auditorium arose and joined in the cheering.

This included the program and the veterans and visitors were given an informal reception by the ladies of the Civic Association of Anderson.

The whole evening was a delightful affair and was greatly enjoyed.

And the curtain fell for the day upon a bivouac scene in the old Anderson hotel, which had been converted into barracks for the old soldiers who preferred to go there rather than to private homes. They had comfortable rooms and beds and as they were resting they talked away into the night of other bivouacs and of other days, such as history only knows and the world will never again see repeated, for valor such as that of these good old warriors will never have its equal.

LABOR CLAUSE IN HOUSE BILL

Representative Carlin of Virginia Makes Statement As To Its Force and Effect

Washington, May 27.—Representative Carlin, of Virginia made a statement at the White House today about the compromise agreed upon between the labor leaders and administration leaders on the trust bills.

"The labor provision of the anti-trust bill as agreed upon" he said, "gives labor the right to exist as an organization, and in the language of the Baltimore platform, declares that they shall not be held to be a combination or conspiracy in restraint of trade. This will prevent a bill being filed on behalf of the government for a dissolution of labor organizations. It does not exempt labor from specific acts which would constitute a restraint of trade or a conspiracy in restraint of trade. It is a clear cut, clean statutory enactment of the provisions contained in the Baltimore platform."

Justice Darling, referring to Fienes letter, which Whitaker declared had led him astray, said:

"The letter shows sad decadence from the traditions of a great family, I myself, if I belonged to such a family, would starve rather than get my living by calling for orders for beer."

(By Associated Press.)
Atlanta, May 27.—Three detectives, operating as representatives of William J. Burns in an investigation of the case of Leo M. Frank, were fined \$100 each in the city court here late today and bound over to the state courts for further action.

The operatives, W. W. Rogers, C. C. Teasar and L. C. Whitfield, were found guilty of working on the case of the factory superintendent, who is under sentence of death for the murder of Mary Phagan without being approved by the local police board. They were bound over to the state courts under similar state laws. Similar charges against C. E. Sears and W. D. McWorth, two other Burns operatives, were dismissed.

During the trial of the cases, Herbert Haas, one of Frank's counsel who was a witness for the detectives, testified that he had told Burns that he believed the police had coerced witnesses in preparing the state's case against Frank.

AMERICAN WON ENGLISH DERBY

DURBAR II OWNED BY HER- MAN B. DURYEA

A RANK OUTSIDER

So Considered Up to the Time That He Came Across Tape An Easy Winner

(By Associated Press.)
Epsom, May 27.—The derby, best known of the English classic horse races, today was won by an American horse, Herman B. Duryea Durbar II.

The winners recent form had been so poor that he was regarded here as a rank outsider and odds of 25 to 1 were freely laid against him in the clubs last night. Today he had no trouble in disposing of a field of 30 horses, the largest that has turned out for the race since 1863. He won by three lengths from two other outsiders, Hapsburg and Peter The Hermit.

The betting just before the start was 20 to 1 against Durbar II, 33 to 1 against Hapsburg and 100 to 1 against Peter The Hermit.

The public favorites never flattered their supporters at any stage of the race. Kenmore, who led in the betting, behaved so badly at the post that he delayed the start and when the field finally was sent away he was left in a bad position. Polycrats made all the running to half distance, with Black Jester, Hapsburg, Dan Russell and Durbar II close up. Rounding Tattenham corner Durbar II jumped in on the rail and took up the running. He held the command to the finish, easily stalling off several challengers. Dan Russell was fourth.

The time of the race was 2 minutes 35 seconds, a fraction of a second faster than the average of a second.

Mr. Duryea had great faith in his horse, which was backed for large amounts by American contingent. A jubilation among the big crowd of trans-Atlantic visitors was distinctly noticeable as the winner was led into the paddock.

King George and Queen Mary were both present as well as most of the staff of the United States embassy, while distributed about the course were large numbers of Americans.

CHANGED LABEL ON TURPENTINE

Is the Evidence in the Investiga- tion of Turpentine "Trust" In Savannah

Savannah, Ga., May 27.—Charges that brands were changed in order to give inferior turpentine a higher grade, and that quantities of it also were withdrawn from barrels after they had been inspected, were made here today by witness for the government in the suit against four officials of the suspended American Naval Stores Company, charged with seeking to monopolize the naval stores trade in violation of the Federal anti-trust laws.

"We found we could not compete with the American" testified E. C. Patterson, of Savannah, in commenting on the failure of several export companies to do business successfully. "While it could sell at a profit the entire world and its methods were unfair because it regarded rosin."

W. H. Haskins, a negro who was employed at the yards of the National Transportation and Terminal Company, testified for the government regarding the alleged withdrawal of turpentine from the barrels.

"They would take from half a gallon to a gallon from each barrel after inspection" said he. "From 250 to 300 barrels a week would be gained in this way."

The testimony of Haskins was corroborated by Daniel Wilson, another negro. Various other witnesses gave evidence to the alleged changing of brands and discrepancies in the gauges used. Haskins, when cross examined, admitted that he had been discharged by the National Company.

E. S. Nash, J. F. C. Myers, S. P. Shetter and Carl Moeler, the defendants, were convicted at a previous trial, an appeal to the United States supreme court resulting in the verdict being set aside.

NO VIOLATION OF ARMISTICE

THAT IS WHAT MR. BRYAN SAYS OF LANDING OF THE AMMUNITION

MEXICAN SUMMARY

Progress On Peace Protocol Is Reported To Be Satisfactory —A South Carolina Lawyer

(By Associated Press.)
Washington, May 27.—Ammunition consigned to the Huerta Government in Mexico, which had been kept in the hold of the German steamship Ypiranga since the American occupation of Vera Cruz, was reported to have been landed today at Puerto Mexico, Consul Canada at Vera Cruz cabled this information to the state department. It was reported from other sources that arms consigned to Huerta had been landed at Puerto Mexico from the German steamer Bavaria. Both steamers belong to the Hamburg American line.

United States officials made no effort to prevent the delivery of the ammunition as Puerto Mexico is an open port and the United States has agreed to a suspension of hostilities during the Niagara Falls mediation.

The state department made it plain that the only way for the United States to have prevented the delivery would have been to seize the customs house at Puerto Mexico as was done at Vera Cruz, which would have violated the armistice.

Robert Lansing, counselor of the state department, made public the reports concerning the delivery of the ammunition. Mr. Bryan being absent. When Mr. Bryan returned to the department later in the day he was informed of the messages.

"What," he said, showing some surprise, "already landed the arms?"

Mr. Bryan then read the despatch, but declined to make further comment. Mediation developments at Niagara Falls were reported to President Wilson, assurances were reiterated that no serious obstacles had been encountered.

John Lind called.

During the day John Lind and C. A. Douglass, formerly of South Carolina, an attorney representing the Mexican constitutionalists, called on Secretary Bryan to discuss negotiation which might lead to representation by agents of the Carranza government at the peace conference. Mr. Bryan was engaged at the time and another conference was arranged for tomorrow.

Other representatives of the constitutionalists here stated that no word had come from Carranza indicating any change in his determination not to participate in negotiations investigating the internal affairs of Mexico.

Rumors and reports that Huerta was making preparations to leave Mexico City continued to reach Washington. One report said Huerta was trying to make arrangements to leave provided he could do so with dignity.

Late today Rear Admiral Howard, commanding the American fleet Mexican Pacific waters, reported that constitutionalist forces in Southwestern Mexican states were "threatening Acapulco."

Much surprise was expressed here when it became known that rebels had interrupted railroad and telegraph communication between Mexico City and Guadaluajara for several hours Tuesday. It was pointed out that mineral resources in the vicinity of Guadaluajara were alluring inducements to the constitutionalists.

Arrested for Killing Brigand.

Advices to the navy department stated that the American, Smith who shot several Mexican brigands because they attacked his place near Tolana, is still under arrest and must undergo trial. He was reported to be well treated, however. His family was said to be at liberty.

These facts were developed by the visit to Arista of the United States cruiser Albany. The Albany had a hard time to get in touch with Arista because of the heavier surf. One of her boats finally reached shore and officers and crew proceeded inland to Tolana and communicated directly with Smith.
